

Forklift Spreader Bars

Forklift Spreader Bars - Proudly operating since nineteen seventy four, ELME Spreader AB is the largest independent spreader business all over the world. They have been a dedicated maker of spreaders intended for numerous applications like the swap bodies, trailers and handling of containers.

Engineering is done in-house by means of utilizing all the newest CAD systems and FEM tools. The ELME company presently employees more than 125 workers. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers all-over the world.

The product range of ELME comprise many spreaders for different container and trailer handling operations. A few of their inventory include: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders as well as a wide array of attachments.

Manufacturing and production of ELME products are established in highly automated purpose built factory. In the year 2008, they made 1150 spreaders by means of making use of quality parts so as to ensure dependability and top standards. Major features of ELME comprise design simplicity, market response and inventive modular spreader concept.
