

American Lincoln Part

American Lincoln Part - The American Lincoln division is currently linked with the Nilfisk Advance Industrial Group located in Plymouth, MN, USA. They specialize in floor cleaning machines which are known within the industry as durable and strong machinery which meets all the requirements of heavy industry and larger infrastructure. Products made in the United States of America; the sales are conducted nation- wide via authorized distributors, direct Government sales and national accounts.

The Clark Company, of Nilfisk Advance, and American Lincoln share the battery operated walk-behind model of floor scrubber. Clark has their manufacturing facilities located in Springdale Arkansas. These types of scrubbers are on the market under the trade mark name "Encore". American Lincoln has the ability to supply warranty service, equipment and components for these scrubbers which carry both the Clarke and Encore logos.

The 7765 floor scrubber model is the choice equipment of big distribution centers like for instance Wal-Mart and Target. The 7765 line has earned the respect of many facility managers where efficiency and results count. Recently, this particular floor scrubber model has been requested by the architects in different construction jobs like for example Lowes Home Improvement Stores and Home Depot's. Flooring contractors use this sweeper scrubber on location due to the model's excellent quality and supreme performance level for polishing concrete.
