

Lull Telehandler Parts

Lull Telehandler Part - Telehandlers by Lull have been providing load placement accuracy ever since nineteen fifty nine. The Lull telehandler could really help make the task faster and easier, whether the task involves positioning heavy steel, landing loads on scaffolding or transferring loads. These units are available together with the patented Stabil-Trak stability system in order to ensure operator confidence.

The Lull horizontal load placement system supplies eighty inches of boom travel for precision placement capabilities. A wide range of optional attachments is accessible for Lull telehandlers to help do whichever task.
